Consideration of Tree Removal on City-Owned Property Re: SBA Tower Construction

Stanchina detailed the request by SBA to remove trees from their tower location in order to facilitate the use of heavy equipment needed by SBA for tower construction. Stanchina noted that removal would be at their cost and that no participation by the City would be required in the process. It was moved by Alessandrini and supported by Moraska to approve the removal of trees on City-Owned property by SBA at their cost provided that no City participation be required during the process of removal, and the City would receive any revenue that may be generated.
