Discussion of Garbage Collection Proposals

Stanchina detailed the cost of the City offering refuse collection verse the cost of Great American Disposal (GAD). He recommended that the City select the seven-year contract option with GAD due to the City's costs and the lack of time to prepare for collection. Ceello noted that there is no competition due to the Dickinson County Solid Waste Authority's bylaws. Stanchina stated that it is important for the City to utilize the current transfer station in order to ensure its continued operation. Revord supported the section of the seven-year contract with GAD as it would allow the City time to consider other alternatives. Stanchina imparted that the current GAD refuse removal contract includes a clause that allows either party to terminate the contract with 60 days' notice and that it would be preferable for that clause to be removed in the renewal.

It was moved by Alessandrini and supported by List to renew the existing refuse collection agreement with Great American Disposal with the proposed terms and costs for a period of seven years, excluding the 60 day mutual termination clause.

Motion Prevailed Unanimously
